

1. Drive on the left side of the road. However, when turning right and passing a masked vehicle, drive to the center or right of the road only to fulfill the above. Also, when the road has 3-4 lanes, the road has 1-2 lanes. Roads on the left are considered lanes.
2. If another vehicle is asked to overtake, allow it to overtake.
3. You can overtake only if the road ahead is clear and unobstructed.
4. Except on a one-way road, the vehicle in front should pass on the right. But if there is a vehicle in front (must not be a peacock vehicle) or an animal that drives or drives. As soon as it is safe, the side should be overrun.
5. Do not block oncoming vehicles when overtaking.
6. Do not turn or drive across the road or block traffic on the expressway by doing so.
7. Vehicles entering the side road from the main road or entering the main road from the side road or traveling on the main road should not be blocked.
8. Access from one road to another should not interfere with traffic on other roads.
9. At an intersection leading from the narrow road to the main road, care must be taken not to block the main road.
10. When entering an intersection from a narrow road to a main road, an officer or pedestrian observer shall prioritize vehicles coming from the right side of the traffic passing through the intersection using traffic light signals.
11. Driving against each other on a narrow road should be done safely at low speeds.
12. At an intersection, drive strictly on the left side of the road.
13. In both cases, the slight curve should be turned. If you are traveling on the left side, you should turn right on the side of the roundabout.
14. A stop line is drawn at the intersection of one road with another road. If so, you must enter after the road stops near this line.
